Silent Generators

Silent Diesel Generator 10 kVA

SKU: GEN-S10-011

> *Low noise silent diesel generator for offices, hotels and residential backup power.*

DESCRIPTION

A 10 kVA silent diesel generator designed for environments where noise is a concern — offices, hotels, schools, hospitals and residential estates. Enclosed in a sound-attenuated canopy for quiet, reliable operation.

Features electric start, deep sea controller (DSE), automatic voltage regulation and an 8-hour base fuel tank. Suitable for continuous or standby use.
